TURNKEY SOLUTIONS

Eliminate the need for an elaborate system of excessive storage requirements to house all your paperwork, files, and records on site.

S.M.A.R.T. is a Cloud-based database that was designed for CSO's, Contractors, and Employers in a wide range of industries that are responsible for managing safety at their workplace.

ZERO DOWNTIME

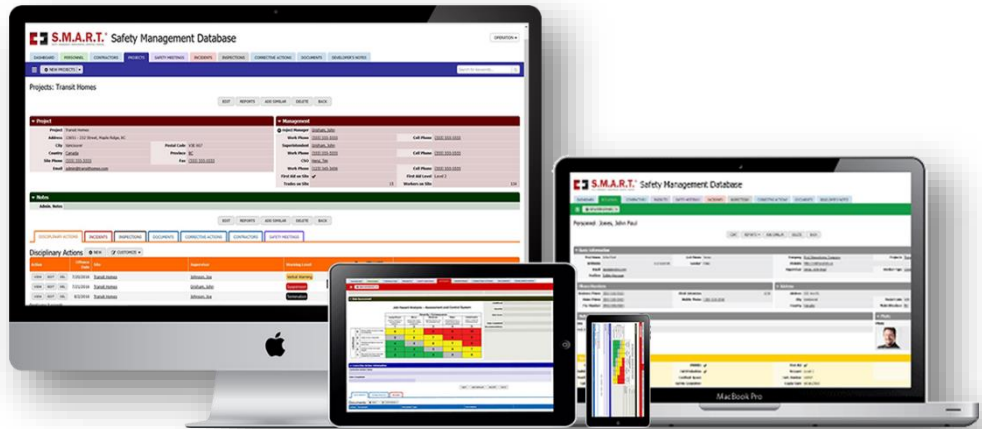

No special software or advanced computer knowledge required. Get up and running quickly and easily and start using the database right away.

NO LIMITATIONS

Unlimited files,
Unlimited records,
with no restrictions

Take Back Control!

Safety Management... Simplified!

S.M.A.R.T. provides employers the ability to manage the health and safety of their employees, workers, and contractors on multiple worksites more effectively.

Whatever your industry is... workplace supervisors need to stay on top of important safety related information in order to manage safety effectively. Keeping track of workplace incidents, accidents, preventative measures, safety inspections and more is extremely vital to any company. S.M.A.R.T. makes this easy for you.

ACCESSIBILITY

All the information required to manage safety is in one central location with backup capabilities to avoid lost data.

Because it's cloud-based, and doesn't require special hardware or software, access is available from any computer, Laptop, tablet, or smart phone wherever you are making it readily available from anywhere!

PRODUCTIVITY

Having all the information in electronic format provides the supervisor or employer a quick glance into the status of their workplace with ability to sort, search and access documents, safety programs, forms, reports... and much much more.

MANAGEMENT SOLUTION

Provides an easy solution to contractor and sub-contractor management and project information for multiple sites. Manage, track and access information on workers, contractors, projects and more whenever you need it.

Worksite Safety Management ... Simplified!
