

Construction e-Learning Centre

INDUSTRY-DEVELOPED, INDUSTRY-APPROVED TRAINING INNOVATIONS

Course description

Construction Industry Ethics

SUMMARY

Ethical behaviour is paramount in the construction industry. By maintaining high ethical standards, and being consistent in our practices, we thrive both personally and professionally. The Construction Industry Ethics course can help your employees navigate the ethical grey areas they face every day.

DESCRIPTION

The Construction Industry Ethics course has been designed to help you understand ethics as it relates to the construction industry. The course contains interactive elements, case studies, practical examples, videos, and a course glossary.

OBJECTIVES

Upon completing this course, you will:

- Understand what is included in “ethical behaviour”
- Be aware of the importance of ethics in business
- Know how to make ethical decisions
- Recognize ethics in the context of the law
- Understand the direct link between ethics and a company’s success

AUDIENCE

This course is intended for owner/clients, contractors, supervisors, project managers, etc. who must deal effectively and professionally with employees, sub-trades, owners, clients, engineers, employers, and the public.

COURSE LENGTH

The online course duration is approximately 4 hours.

AVAILABLE FORMATS

This course is available online in English and French. An instructor guide is available to support delivery of the course in a blended-learning model (online and classroom). [Click here](#) to view a demo of the course.

CREDITS/CERTIFICATES

This course will be mandatory to receive Gold Seal Certification. A final mark of 100% is required in order to receive a certificate of completion.

HOW TO ENROLL

You will require a PIN # prior to registering for this course. Please contact your local distributor to obtain your PIN # and cost information. Distributors can be located on the Construction e-Learning Centre website at <http://elearning.buildforce.ca>.
